

Pleas Stop the deregulation of media ownership! Remember that the airwaves belong to the people of the United States of America. We are a free people whose rights to freedom of speech and information are of the utmost importance. How will we ever know the truth when our access to it is guarded by 6 major corporations and fueled by their insatiable greed? I plead with you in the name of our children and their children: cease the deregulation of media ownership.

thank you

Natalie Landau
